

XL44 Pouch/Mounting Laminator

- Mounts and laminates in one step
- Simple operation
- Laminates up to 1-1/2 inches thick
- 2-year parts and labor warranty

The **LEDco XL 44** provides easy, cost effective, one-step mounting and laminating for customers who need larger format lamination. Great for mounting posters and prints.

Easy To Use

- Simple controls
- No real set up or threading needed

Great Value

- Laminating protects signs, prints, and other documents, eliminating replacement
- Versatile – laminate, mount, or mount and laminate in one step
- Pre-cut boards and mounting materials eliminate waste

Reliable

- 2-year manufacturer's parts and labor warranty
- Operator manual, training video, and toll free telephone support
- Made in the USA

FEATURES

- **Simple operation**- virtually no training needed.
- **Change laminate finishes** without rethreading and time consuming set up.
- **Easy access controls.**
- **Sleek, low profile design** for stand or tabletop use.
- **Our color coded consumables** allow even the newest operator to easily calculate job profitability and choose the proper materials to avoid costly errors.
- **Preset pressure and lamination speed.**
- **Adjustable position lamination rollers** allow laminating most substrates up to 1-1/2" thick.
- **Enclosed rollers** protect against accidental damage and contribute to operator safety.
- **Variable temperature control** allows laminating with a wide variety of materials.
- **Non-magnetic feed tray.**
- **Attached safety shield.**
- **Emergency stop.**
- **Removable power cord.**
