

# Tamerica TCC1400i 14" Roll Laminator

The Tamerica TCC-1400i Professional Roll Laminator is a two sided thermal laminating and mounting roll laminator that is an ideal laminating solution for school or professional environments who consistently laminate various sized documents that are equal or less than 14" in width – this includes, but it not limited to signs, newspaper articles, rewards, labels, charts, lists and reports.

The heated rollers ensure a more quality finished laminating result. The Tamerica TCC-1400i accommodates laminating film 1.5mil -10mil in thickness on a 1" core and can mount up to 3/16" – these capabilities, in addition to adjustable temperature and speed controls, laminating speed up to 8.8ft/min, a built-in horizontal trimmer, and reverse function, make the TCC-1400i versatile and user-friendly.
