

Tamerica VersaBind-E Combination Binding Machine

The Tamerica Versabind E 4-in-1 Electric Punch Binding Machine is ideal for copy shops, print shops, schools and businesses where there is a need to utilize several binding methods. With the Tamerica Versabind you can do plastic comb binding, both 3:1 and 2:1 wire binding plus spiral coil binding eliminating the need to have four different machines. The Tamerica Versabind 4-in-1 Electric Punch Binding Machine includes all of the great features of the Versabind 4-in-1 Manual Punch Binding Machine plus an electric punch that is capable of punching 20 sheets of 20# paper with the simple push of the foot pedal. The Tamerica's "EZ Slide" interchangeable die system allows you to easily change from one punch die to another in less than a minute by simply sliding one die out and sliding the new punch die in place. This heavy duty, durable metal construction binding machine includes all of the features necessary to make the punching and binding process simple and easy.
