

SircleBind™ CB-240m

Plastic Comb Binding Machine

The SircleBind CB-240m is a manual plastic comb binding machine that is ideal for both production and office environments. It has a punch capacity of 25 sheets (20 lb paper) and can accommodate plastic combs up to 2" in diameter. This easy-to-use machine has built-in margin and depth guides as well as an adjustable edge guide for proper paper alignment. It also features a disassemblable handle and an open throat which are conducive for punching larger paper sizes and disengageable pins which allow for a cleaner and more customized pattern in punching.

KEY FEATURES:

Electric punch mechanism accommodates plastic comb

Disengageable pins allow for a clean, customized punch

Open throat allows for the punching of larger size documents

Punch depth control allows for three varying degrees of punch depth
