

# DAHLE ROLLING TRIMMERS

## PREMIUM SERIES

Rolling Trimmers are the new generation of paper cutters. Designed for safety and accuracy, the cutting blades are encased in a plastic housing that virtually eliminates the chance of personal injury. The rotary action of these trimmers allow the blade to cut in either direction and sharpen itself as it cuts. It's this self sharpening action that produces a clean burr-free cut and guarantees many years of smooth precise cutting.

Dahle's Premium Rolling Trimmers are designed for heavy duty applications where precision is essential. Whether you are cutting mat board or a single

sheet of paper, you can expect to receive the same burr free cut each and every time. This cutting capacity is made possible by a thick walled square aluminum guide rod which provides maximum strength with minimal side movement of the cutting head. Optional floor stands are available for the two larger sizes or the trimmers can be placed on a table or mounted to a wall. Dahle Premium Rolling Trimmers are available in 14", 20", 26", 36" and 51" cutting lengths and are a popular choice among professional photographers, picture framers, and print & copy shops.

### PREMIUM SERIES

- ▶ Ground steel blade is encased in a protective housing for safety
- ▶ Cuts up to 30 sheets of paper at a time (440-444)
- ▶ Bidirectional blade is self-sharpening to maintain a perfectly honed edge
- ▶ German engineered for precision and accuracy
- ▶ Automatic paper clamp holds work securely
- ▶ Sturdy metal base with preprinted guides
- ▶ Optional stand maximizes floor space (446 - 448)

*Dahle trimmers are designed and manufactured in Germany offering extreme precision and accuracy.*

*Dahle Premium Trimmers feature a ground self-sharpening rotary blade that cuts in either direction.*
