

THE **FUSION**[™] LAMINATORS

A Fusion of Speed and Quality

Time and again you asked for fast warm-up times, fast laminating speeds, and easier to use machines. Fusion[™] machines combine what you want and what you need in lamination. From the ground up, Swingline[™] GBC[®] created an all new lamination line. We streamlined our products and the lamination process, incorporating cutting-edge technology into a sleek, modern design. Delivering unmatched speed and simplicity, Fusion[™] technology makes lamination faster and easier than ever before.

THE FUSION™ LAMINATORS

Exceeds Expectations

The Fusion™ 5000L and 5100L Laminators are fully loaded to deliver top quality results. At lightning fast speeds, these laminators finish 10 documents in 4 minutes or less. Plus, the new innovative Intelligent™ Pouch Thickness Detection automatically detects pouch thickness and instantly adjusts to the optimal settings. These top of the line Fusion machines are masterfully productive.
