

Tamerica VersaBind-M Combination Binding Machine

The Versabind Manual 4-in-1 Binding Machine from Tamerica is ideal for copy shops, print shops, schools, and businesses where there is a need to utilize several binding methods. With the Tamerica Versabind you can do plastic comb binding, both 3:1 and 2:1 wire binding plus spiral coil binding eliminating the need to have four different machines saving you valuable space. Using Tamerica's "EZ Slide" interchangeable die system you can easily change from one punch die to another in less than a minute by simply sliding one die out and sliding a new die in. This heavy duty, durable metal construction binding machine includes all of the features necessary to make the punching and binding process simple and easy.

Features

The Tamerica VersaBind-M Combination Binding Machine offers carefully designed features intended to quickly get you up and running. The easy-to-use design makes the operator's job simpler with features such as:
